

CCTV & IP intercom

Total audio
and video
security
solutions...

FINALLY... A GLOBAL SOURCE FOR SECURITY SOLUTIONS.

INTRODUCING TOA SECURITY... a comprehensive line of advanced intercom and video security products – all from one manufacturer! A leader in global security solutions for over twenty years, TOA has developed cutting edge technologies including IP network-ready cameras, DVRs and intercom systems plus breakthrough *Wide Dynamic Range* cameras for clear, crisp images in adverse lighting conditions. Competitively priced, in stock, and easy to install, our full line of products also includes high-speed dome and compact cameras, multiplexers, monitors and much more.

IP Intercom – network communications

- Up to 1,280 stations over existing data networks
- Handset and hands-free full-duplex conversation
- Versatile features including automatic call forwarding, scan monitoring and paging to up to 160 zones
