

1

INTERCOM
Our N-8000 Series Network IP Intercom systems support up to 1280 intercom stations over existing data networks.

2

VIDEO
Our wide range of video surveillance products includes network cameras, digital video recorders and much more.

3

AUDIO
Our industry-standard rugged and reliable commercial audio products include digital amplifiers, paging speakers and telephone zone paging.

Three Technologies.
One Source.

When your project calls for installing video surveillance, intercom and audio, TOA's one-stop shopping can make life easier. Thought we *only* offered rock-solid amps and speakers? Hardly! We've been a global leader in security solutions for over twenty years — which has given us a pretty good head start when it comes to bringing security technologies into the Internet age. Check out our new IP network-ready cameras, DVRs and intercom systems. They're easy to install, in stock, and priced right. You may know us for our amps and speakers, now get to know us for our industry-leading security products. For information, call 800.733.7088, or visit: www.toaelectronics.com.
