

A woman wearing sunglasses and a microphone is shown in a car, likely at a night event. The microphone is a TOA model, and the scene is dimly lit with some background lights visible.

SPOTTED OFTEN AT BETTER EVENTS.

IMPRESSIVE FEATURES. LEGENDARY RELIABILITY.
THIS MIC GETS AROUND.

WITH FEATURES LIKE AN ON-BOARD SCANNER, our 64-channel *Password® Series* wireless microphone system is unmatched in its price range. Our 16-channel *Scout® Series* is a rising star, too. With plug-and-play simplicity and a variety of microphone options, Scout is ideal for fitness instructors, presenters and others needing a low cost, portable system. Best of all, Password and Scout deliver legendary TOA ruggedness and reliability—backed by an industry leading *five year warranty*. For more details, visit us at www.toaelectronics.com.
