

SINGLE EAR MICROPHONE

Q-EM-77

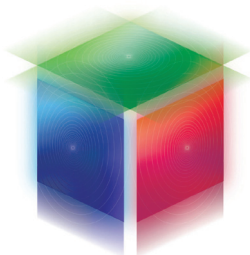

DESCRIPTION:

The **Q-EM-77** is a high quality single over-the-ear microphone consisting of an electret transducer capsule exhibiting an omni-directional characteristic.

Because of its lightweight construction, it allows the user complete freedom of movement making it ideal for theater, conference, and educational use.

The **Q-EM-77** is compatible with **TOA's 5000 Series UHF Microphone System**, or **IR-300M Hands-free Microphone**. This over-the-ear microphone is available in beige and features a 3.5mm jack plug.

Technical Specifications:	Q-EM-77
